

# Good Faith Estimate

## Patients with In-Network Insurance Plans

ASC Surgical Ventures, LLC wants you to know of your right to request a Good Faith Estimate for the cost of non-emergency medical services provided in our offices.

- The law requires an estimate be provided, upon request, for non-emergency services, unless the service is scheduled to be performed or the request is made less than 5 business days before the services are performed.
- ASC Surgical Ventures, LLC will use its best efforts to provide an accurate estimate upon a patient's request.
- However, the estimate provided is not binding on the provider or the provider facility.
- The actual provider and provider facility fees charged to the individual may vary from the estimate based on the individual's medical needs and the treatment plan you and your provider decide upon. Also, during a surgical episode of care, a surgeon may need to change a planned procedure based on the findings in the surgical field.

For assistance about obtaining an estimate, please call during the hours of 8 a.m. - 4:30 p.m., Monday – Friday, 574-264-4163.
